CHEVY TRUCKS LIKE A ROCK

BLAZER

BUILT ON A FOUNDATION OF SECURITY AND TOUGHNESS.

If it isn't rough terrain that interferes with your travel plans, it's inclement weather. That's why it's reassuring to know there's Chevy Blazer. With features like a steel ladder-type frame, four-wheel antilock disc brakes, a powerful Vortec engine, crush zones and available Autotrac (on 4x4 models), Blazer is the SUV that can take you where you need to go. With the LS (2- and 4-Door) and the 2-Door Xtreme 2WD and ZR2 4x4, there's a Blazer model that's right for your lifestyle. Blazer. From the family of Chevy Trucks – still the most dependable, longest-lasting trucks on the road.*

*Dependability based on longevity: 1981–July 2000 full-line light-duty truck company registrations. Excludes other GM divisions.

Throughout this brochure, you'll find invitations to learn more about Blazer's features by visiting chevy.com/blazerbrochure

COMPLETE COMFORT.

Getting to the slopes can be a challenge. Blazer LS's accommodating interior is designed to take you there in comfort. You'll find features like standard Custom Cloth seats. Room for six on 4-Door models. Or for a higher level of comfort, front bucket seats with available Custom Leather seating surfaces with eight-way power and a center console. Blazer LS. It's the way to go ... whether there's snow or not.

BLAZER LS 4-DOOR SELECT
STANDARD FEATURES:

- Custom Cloth seats.
- Front 60/40 reclining split-bench seat.
- Rear 60/40 split-bench seat.
- Solar-Ray tinted glass.
- AM/FM stereo with cassette player.
- Four-wheel antilock disc brakes.
- Color-keyed body-side moldings.
- PASSlock theft-deterrent system.
- Aluminum five-spoke wheels.

Get additional information on the available Bose sound system and other Blazer LS interior features at chevy.com/blazerbrochure

INSTRUMENT PANEL ▶
Blazer LS's instrument panel puts all major controls in easy reach. And Blazer LS can be equipped with an available Bose premium sound system with CD or cassette player.

L S

SEATING VERSATILITY ▶
Fold down one or both portions of the second-row 60/40 split-folding seat for the versatility you need. The Blazer LS 4-Door provides up to 67.8 cu. ft. of cargo space for transporting items (with both portions of the seat folded down).

Blazer LS interior with available Custom Leather seating surfaces in Beige.

TAKE IT TO THE XTREME.

XTREME

ACCENT APPEARANCE PACKAGE

This available package includes hood and tailgate gold stripes, gold badging and gold wheel accents.

STRIPE PACKAGE

An available Stripe Package for Blazer Xtreme enhances its sporty appearance.

Blazer Xtreme 2-Door 2WD shown in Indigo Blue Metallic.

TAKE IT TO THE XTREME.

Get an interactive look at Blazer Xtreme by visiting chevy.com/blazerbrochure

Take Blazer in two entirely different directions – with the 2-Door Xtreme 2WD and ZR2 4x4 models. Xtreme features ground effects and rocker cladding for a low, cruise-the-strip type appearance. And Xtreme's Sport Suspension Package includes a lowered chassis with retuned suspension and front and rear shocks. ZR2 is the ultimate off-road Blazer. With its higher and wider stance, ZR2 is designed to handle rugged terrain ... and just about anything else that might come your way. Blazer Xtreme and ZR2. Think of them as Chevy Trucks with serious attitudes.

XTREME SELECT STANDARD FEATURES:

- Z87 Sport Suspension Package.
- Front bucket seats with center floor console.
- Deep-dish, five-spoke, 16-inch aluminum wheels.
- P235/60R-16 Eagle LS low-profile tires.
- Lower-body front fascia with foglamps.
- Body-color lower body cladding with wheel flares.
- Body-color grille and bumpers.
- Deep-tinted windows.

ZR2 SELECT STANDARD FEATURES:

- Front bucket seats with center floor console.
- Floor-mounted gear shift.
- Strengthened rear axle assembly.
- 31" x 10.5" R-15 on-/off-road tires.
- 46mm Bilstein shock absorbers.
- 28mm diameter front stabilizer bar.
- Rear suspension-enhanced multileaf springs.
- Underbody shields.

XTREME

ACCENT APPEARANCE PACKAGE
This available package includes hood and tailgate gold stripes, gold badging and gold wheel accents.

STRIPE PACKAGE
An available Stripe Package for Blazer Xtreme enhances its sporty appearance.

Blazer Xtreme 2-Door 2WD shown in Indigo Blue Metallic.

TAKE IT WAY OFF-ROAD.

There's a lot more to see on Blazer ZR2. Just go to chevy.com/blazerbrochure

SPARE TIRE CARRIER
Blazer ZR2 comes with a rear full-size spare tire carrier ... just in case.

SKID PLATE
A skid plate for the front differential area and transfer case helps protect against debris when traveling on rough terrain.

Blazer ZR2 2-Door 4x4 in Victory Red. Shown with available GM Accessories.

IT'S WHAT MAKES IT A CHEVY TRUCK.

VORTEC 4300 V6 SFI ENGINE

The tough Vortec 4300 V6 engine that powers Blazer generates 190 horsepower @ 4400 rpm and 250 lb.-ft. of torque @ 2800 rpm.

AUTOTRAC PUSH-BUTTON 4X4

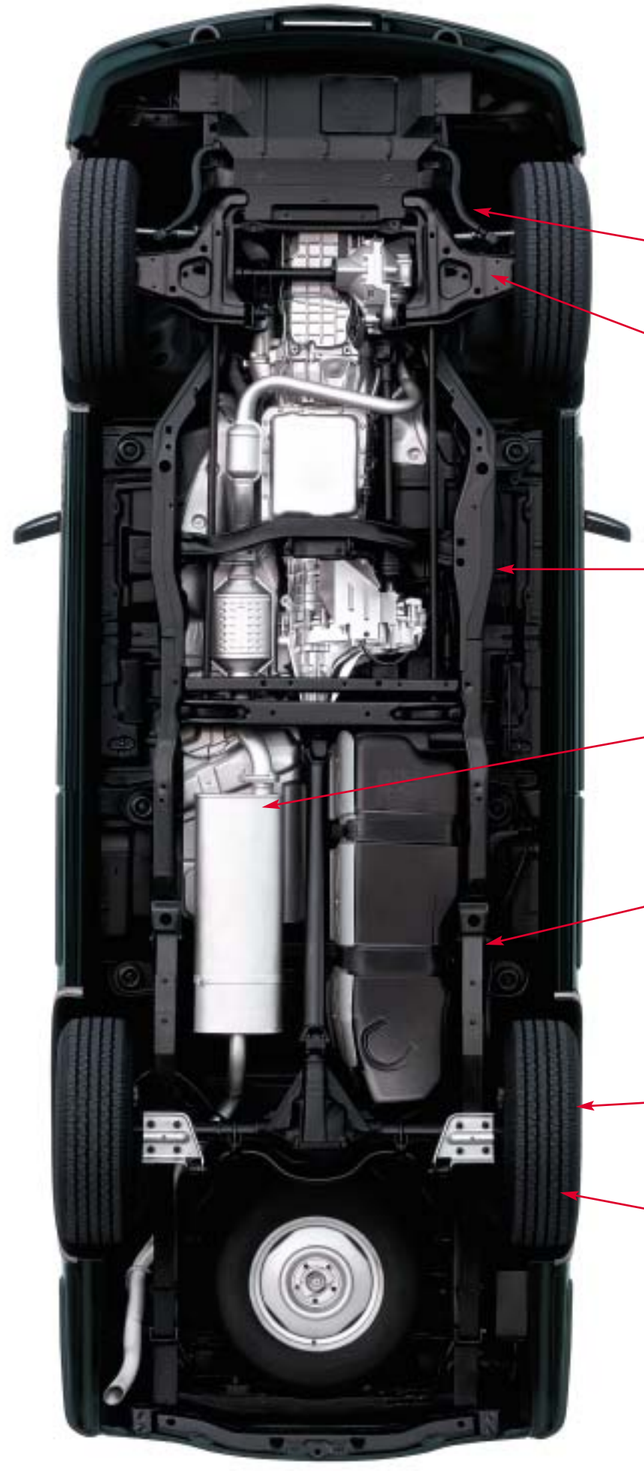
When AUTO 4WD is selected on 4x4 models, the available Autotrac system automatically transfers power to all four wheels, based on road conditions. Or the driver may select full-time 2WD, 4WD High or 4WD Low, as needed. The system also has a provision for Neutral, a handy feature when the vehicle is being towed on all four wheels (see the Owner's Manual for more information).

CORROSION-RESISTANT EXTERIOR PANELS

Exterior body panels are made of two-sided galvanized steel (except the roof, where it is not needed). This helps to virtually eliminate cosmetic corrosion on the outside surface (resulting from scratches and chips) and rust-through corrosion originating on the inside surface.

CRUSH ZONES

Front and rear structures are designed to help absorb energy by deforming in a controlled manner during a collision.



To get additional information on Blazer's engineering features, visit chevy.com/blazerbrochure

FRONT AND REAR STABILIZER BARS

Drop-link stabilizer bars that are large in diameter help keep the driver in control by reducing body lean when cornering.

INDEPENDENT FRONT SUSPENSION

Blazer features a rugged and reliable independent front suspension (a torsion bar design in 4x4s and a coil-spring design in 2WDs). This suspension helps keep the front wheels virtually straight up and down at all times for a smooth ride and precise control.

STEEL LADDER-TYPE FRAME

Blazer has a steel ladder-type frame that is boxed for much of its length. This feature helps keep the body from twisting while helping support the engine and front suspension.

STAINLESS-STEEL EXHAUST SYSTEM

Blazer's entire exhaust system is made of stainless steel with corrosion-resistant aluminized stainless steel rear of the converter. The exhaust system is designed to provide long-lasting durability.

ADVANCED SUSPENSION COMPONENTS

Specially designed second-stage springs engage as load weight increases to provide additional support without sacrificing ride quality. Large urethane jounce bumpers in the rear of Blazer help reduce the "kick" effect of suspension-to-frame rolling contact and soften the jarring that often accompanies travel on rough roads.

FOUR-WHEEL ANTILOCK DISC BRAKES

Standard four-wheel antilock disc brakes help drivers maintain steering control by reducing wheel lockup while braking hard on most slippery surfaces.

SPECIFICALLY TUNED TIRES

Steel-belted radial tires can handle dry, wet and snowy conditions, providing a smooth, quiet ride on both 2WD and 4x4 models.

VORTEC POWER. CHEVY TRUCK STRENGTH.

There's nothing like Vortec power, and that's exactly what you'll find under the hood of Chevy Blazer. With 190 horsepower and 250 lb.-ft. of torque, Blazer's Vortec 4300 V6 SFI engine has the muscle to trailer your quad cycles up to the lake for the weekend. In fact, LS 2WD models can tow up to 5,700 lbs. (see below left). And combined with features like an eight-lead wiring harness and an integral rear step-bumper with trailer hitch, you'll find that Blazer has the muscle to move and then some.

You can get more information about Vortec power by visiting chevy.com/blazerbrochure

POWERTRAIN SPECIFICATIONS

ENGINE – VORTEC 4300 V6 SFI[1] (RPO L35)	
Displacement (liters)	4.3
HP @ RPM	190 @ 4400
Torque (lb.-ft.) @ RPM	250 @ 2800

4-Speed OD Automatic[2]	O	S

S – Standard. O – Optional. **1** Sequential Fuel Injection. **2** Electronically controlled with brake/transmission shift interlock.

▲ 100,000-MILE MAINTENANCE

Platinum-tip spark plugs help Vortec engines travel up to 100,000 miles before spark plugs need replacing.*

*Maintenance needs vary with different uses and driving conditions. See the Owner's Manual for more information.

BLAZER TRAILERING DATA

NOTE: Your vehicle may require additional special equipment to tow the maximum trailer weights listed here. The weight-carrying hitch limit for Blazer is a 3,500-lb. trailer with a 350-lb. tongue weight. Weight-distributing hitch and sway control required over 3,500-lb. trailer weight.

ENGINE		VORTEC 4300 V6 AUTOMATIC			VORTEC 4300 V6 MANUAL		
TRANSMISSION							
MODEL		MAX. TRAILER WEIGHT (LBS.)[1]	AXLE RATIO	MAX. GCWR (LBS.)	MAX. TRAILER WEIGHT (LBS.)[1]	AXLE RATIO	MAX. GCWR (LBS.)
2WD	2-Door	5700	3.42	9500	4200	3.42	8000
	2-Door Xtreme	2000	3.42	6500	2000	3.42	6500
	4-Door	5500	3.42	9500			
4x4	2-Door	5400 5400	3.42 3.73	9500 9500	3900	3.42	8000
	2-Door ZR2	4600	3.73	9000	4100	3.73	8500
	4-Door	5100 5100	3.42 3.73	9500 9500			

1 Maximum trailer weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Chevrolet dealer for additional details.

NOTE: Trailer tongue weight should be 10 to 15 percent of total loaded trailer weight (up to 750 lbs.). Addition of trailer tongue weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver-side front door or door frame. • Base cooling system includes all content required to attain maximum trailer rating. No optional cooling equipment available. • Z82 Heavy-Duty Trailering Special Equipment Package includes weight-distributing hitch platform.

USING GROSS COMBINATION WEIGHT RATINGS (GCWRs) TO DETERMINE ENGINE, TRANSMISSION AND REAR AXLE RATIOS: You can use your desired GCWR calculation to determine the powertrain you will require to tow a specific trailer with your Blazer. The last column to the right in the chart above shows the maximum allowable GCWR based on all available Blazer engine, transmission and rear axle combinations. The GCWR includes the total loaded weight of both Blazer and the trailer.

TRAILERING BASICS

Towing a trailer involves all major vehicle systems of your Chevy Truck, including powertrain, steering, suspension and brake systems. Easy and safe trailering requires a properly equipped vehicle, additional trailering equipment and an appropriate trailer. It also requires loading both the vehicle and trailer properly, using safe driving techniques, meeting regional legal requirements and following break-in and maintenance schedules. You are responsible for being sure you have the appropriate equipment and hitch for your specific trailering situation. If you plan to tow a trailer, consult your Owner's Manual and speak to a trailering expert at your Chevrolet dealership or visit our web site at **chevy.com**

The following chart will assist in determining how to best equip your Chevy Truck for trailering. To help you understand the chart, consider these trailering factors:

Torque: Indicates the strength of the engine. Low-end torque reflects how much force is generated to get your vehicle moving.

Horsepower: Indicates how much work the engine does at a certain engine speed. At mid to high engine rpm, it's what keeps you moving at highway speeds.

Axle Ratio: Along with your vehicle's transmission gears, a higher rear axle ratio contributes to how much available torque and horsepower (mechanical leverage) can be applied to the drive wheels for launch and uphill performance. Higher rear axle ratios, however, sacrifice fuel economy when not trailering.

Ball Hitch Trailering: There are two types of ball hitches. A weight-carrying hitch consists of a ball and coupler with no means to distribute the hitch weight. It is used primarily for lightweight trailers. Heavier trailers, however, require a weight-distributing hitch which uses spring bars to transfer some of the hitch weight forward onto the tow vehicle's front axle and rearward onto the trailer's axle(s).

RGAWR and GVWR: The addition of trailer hitch weight cannot cause vehicle weights to exceed Rear Gross Axle Weight Rating (RGAWR) or Gross Vehicle Weight Rating (GVWR). These ratings can be found on the certification label located on the driver door or door frame.

GCWR: The Gross Combination Weight Rating (GCWR) is the total allowable weight of the completely loaded vehicle and trailer including any passengers, cargo, equipment and conversion. A properly equipped tow vehicle and trailer at the maximum GCWR should be able to accelerate and merge with traffic, climb typical interstate grades at highway speeds, handle the combination on most road surfaces, and stop adequately within a reasonable distance. The GCWR for your vehicle should not be exceeded.

TRAILERING CAUTIONS

NOTE: Please read the following trailering cautions/safety information before trailering with your new vehicle.

NOTE: The safety steps described here are by no means the only precautions to be taken when trailering. See the Owner's Manual for the Chevy Truck of your choice for additional guidelines and trailering tips.

■ If you don't use the correct equipment and drive properly, you can lose control of your vehicle when you pull a trailer. For example, if the trailer is too heavy, your vehicle brakes may be less effective. You and your passengers could be seriously injured. Pull a trailer only after taking the following steps:

TRAILER BRAKES

If your trailer weighs more than 1,000 lbs. loaded, then it must have its own adequate brakes. Be sure to read and follow the instructions for the trailer brake controller so that it is installed, adjusted and maintained properly.

■ Don't tap into your vehicle's brake system if the trailer's brake system will use more than 0.02 cu. in. of fluid from your vehicle's master cylinder. If it does, neither braking system will work well. You could even lose your vehicle's brakes.

■ The trailer brake parts must be able to take 3,000 psi of pressure. If not, the trailer brake system must not be used with your vehicle. If everything checks out thus far, then have a qualified individual make the brake fluid tap at the port on the master cylinder that sends fluid to the rear brakes. Don't use copper tubing because it will bend and ultimately break. Use only double-walled steel brake tubing.

HITCHES

It's important to have the correct hitch equipment. Crosswinds, large trucks going by and rough roads are just a few of the reasons why you'll need the right hitch. Here are some rules to follow:

■ If you'll be towing a trailer that, when loaded, will weigh more than 3,500 lbs., be sure to use a frame-mounted, weight-distributing hitch and sway control of the proper size. The equipment is very important for proper vehicle loading and good handling when you're driving.

■ If you have to make any holes in the body of your vehicle to install a trailer hitch, be sure to seal the holes if you ever remove the hitch. If they're not sealed, dirt, water and deadly carbon monoxide from the exhaust can get into your vehicle.

Blazer ZR2 2-Door 4x4 shown in Victory Red. Shown with available GM Accessories.

A SECURE FEELING.

When you're driving in harsh weather, you want to feel safe and secure. That's why Blazer has features designed to enhance your confidence on the road. Here are just some of those standard and available features:

- Four-wheel antilock disc brakes.
- Daytime Running Lamps.
- Driver and right front-passenger air bags.*
- Side-door beams.
- Front and rear crush zones.
- Safety belt comfort guides.
- Available Autotrac transfer case on 4x4 models.
- Lockout protection (included with power door locks).
- Available Remote Keyless Entry and content theft alarm.

*A NOTE ON CHILD SAFETY: Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with an active air bag. See your Owner's Manual and child safety seat instructions for more safety information.

Learn more about the safety and security features in Blazer by visiting chevy.com/blazerbrochure

FOUR-WHEEL ANTILOCK DISC BRAKES

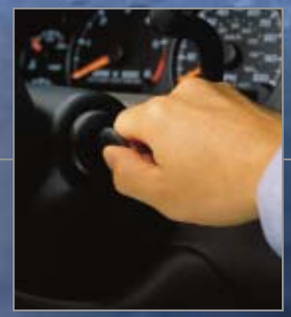
As a standard feature on all Blazer models, four-wheel antilock disc brakes help the driver maintain steering control during hard braking.

AUTOTRAC 4X4 SYSTEM

When AUTO 4WD is engaged, Autotrac automatically transfers power between the front and rear wheels whenever rear-wheel slippage is detected. It's available on all Blazer 4x4 models.

PASSLOCK THEFT-DETERRENT

PASSlock automatically disables the fuel system if the proper key is not used. A content theft alarm on models with Remote Keyless Entry activates the headlamps and horn if someone attempts unauthorized entry.



Blazer LS 4-Door 4x4 shown in Summit White.

YOU NEVER TRAVEL ALONE.

Chevy Trucks are the most dependable, longest-lasting trucks on the road* – sold and serviced by the largest dealer network in the USA. When you buy a Chevy Truck, you also get a rock-solid, comprehensive owner protection plan that will be there for you from the moment you take delivery. The plan includes:

- **New Vehicle Limited Warranty†**
- **24-Hour Roadside Assistance**
- **Courtesy Transportation**

It's an owner protection plan you can believe in. Your Chevrolet dealer has all the details.

*Dependability based on longevity: 1981–July 2000 full-line light-duty truck company registrations. Excludes other GM divisions. †3 years/36,000 miles (whichever comes first). See dealer for details.

NEW VEHICLE LIMITED WARRANTY

This warranty is for GM vehicles registered in the USA. See your Chevrolet dealer for terms and conditions. Covered for 3 years/36,000 miles (whichever comes first):

- The complete vehicle
- Tires
- Towing to your nearest Chevrolet dealership
- Cosmetic corrosion resulting from defects
- Repairs made to correct any vehicle defect
- No charge for most warranty repairs

Covered for 6 years/100,000 miles (whichever comes first):

- Rust-through corrosion

24-HOUR ROADSIDE ASSISTANCE

Call **1-800-CHEV-USA** toll free anytime during the warranty period. Towing and basic technical advice come with the Basic Care Package. Courtesy Care provides additional features,* including locksmith services, flat tire changing, fuel delivery, non-warranty towing and jump starts. Some services will incur costs. Chevrolet reserves the right to modify or discontinue Basic Care and Courtesy Care at any time.

*During the term of the New Vehicle Limited Warranty.

COURTESY TRANSPORTATION

Ask your participating Chevrolet dealer for Courtesy Transportation if you drop your vehicle off for repairs under the New Vehicle Limited Warranty. Also see if you qualify for expense reimbursement and/or vehicle rental. Services vary at election of participating dealer.

FOR MORE INFORMATION ON 2002 CHEVROLET CAR OR TRUCK PRODUCTS,

call **1-800-950-2438** or visit us at **chevy.com**

CHEVROLET CUSTOMER ASSISTANCE CENTER

Call **1-800-222-1020** toll free to talk directly to specialists who can handle any product or service concern you may have.

FROM DAY ONE …

The vehicle is checklist-ready for you to drive away, and a full orientation awaits you on everything about your new Chevy Blazer.

ADDITIONAL INFORMATION

IMPORTANT: A WORD ABOUT THIS BROCHURE

We have tried to make this brochure comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment specifications, models and availability. Since information may have been updated since the time of printing, please check with your Chevrolet dealer for complete details. Chevrolet reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

SMARTLEASE BY GMAC

For information about SmartLease, SmartBuy or any of the other quality GMAC financing options, see your Chevy dealer, call **1-800-32-SMART** or visit our web site at **www.gmacfs.com**

THE GM MOBILITY PROGRAM

Chevrolet recognizes the importance of mobility to everyone's life and, therefore, offers financial assistance to persons with disabilities through the General Motors Mobility Program. This program can provide up to $1,000 reimbursement toward the cost of eligible aftermarket adaptive equipment for drivers or passengers when installed or reinstalled on any eligible purchased or leased new GM vehicle. For details and free resource information, call **1-800-323-9935** (TTY users: **1-800-833-9935**).

UPDATED SERVICE INFORMATION

Chevrolet dealers receive useful service bulletins about Chevrolet products. You can order them by calling **1-800-551-4123.**

ASSEMBLY

Chevrolets and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Chevrolets with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

ENGINES

Chevrolets are equipped with engines produced by different operating units of GM, its subsidiaries or suppliers to GM worldwide.

RUST-THROUGH CORROSION PROTECTION

Chevrolets are designed and built to resist corrosion. All body sheet-metal panels are warranted against rust-through for 6 years/100,000 miles (whichever comes first). Application of additional rust-inhibiting materials is not required and none is recommended. See your Chevrolet dealer for terms of this limited warranty.

GM ACCESSORIES WARRANTY INFORMATION

All GM Official Licensed Products purchased from and/or installed by your GM dealer are covered under the individual accessory manufacturers' warranties, and they are not warranted by General Motors or its dealers. Should any such GM Licensed Product require service, please contact the GM Licensed Product manufacturer identified on the product or its accompanying documentation. If the manufacturer is not so identified, contact your GM dealer to obtain the necessary information.

GM PROTECTION PLAN®

The GM Protection Plan offers mechanical repair protection in addition to that provided by GM's New Vehicle Limited Warranty. Coverage for vehicle maintenance is also available. Ask your dealer about the GM Protection Plan. Coverage available only in the U.S. and Canada.

upromise™

ACCELERATE YOUR COLLEGE SAVINGS

GM – along with many other leading companies – has teamed up with Upromise, the revolutionary college savings accelerator that can help you save thousands of dollars for college. When you purchase or lease an eligible new Chevrolet, GM will contribute $150 into your Upromise college savings account. For complete details on the GM-Upromise program, go to **http://upromise.gm.com**. Enrollment is simple and absolutely free. To receive the $150 GM contribution, you need to be a Upromise member 30 days before you take delivery of your vehicle.

1 ZR2 is an option package. The features listed as standard are included with this available package. **2** Always use safety belts and proper child restraints, even with air bags. Children are safer when properly secured in a rear seat. See the Owner's Manual for more safety information. **3** Included in and available only with Deluxe overhead console. May require purchase of separate receiver for home to activate lights. **4** 1SH only.

NOTE: The Blazer trim features indicated reflect only a portion of the total content of each trim level. See your Chevy dealer for complete listings. Some individually available options listed may be included in or be ordered only with specific Content Packages. Some additional ordering restrictions may apply. Please see your Chevrolet salesperson for details.
